KANSAS SOFA RANGE

- The frame is crafted from a blend of engineered wood, firwood, and masonite, combining quality materials for lasting durability and structural integrity
- The feet are crafted from solid wood with a dark walnut finish
- The seat cushions are thoughtfully designed with a combination of high-density foam and layered fibre, creating a harmonious blend of support and plush comfort
- The back cushions feature a dynamic composition, combining the softness of loose fiber fill with the structured support of foam, offering an ideal balance of comfort and stability
- The webbed suspension provides a comfortable and supportive seating experience. It helps distribute weight evenly, reducing pressure points and promoting relaxation
- The webbed back suspension system is engineered for optimal comfort and lumbar support, creating a flexible and ergonomic foundation that enhances your seating experience
- This range is available in many different hides, each with unique characteristics, including scars, grain variation and other markings. It is normal for leather to show signs of creasing and stretching and for interiors to lose density from use

To care for leather furniture, regularly dust and vacuum it, wipe spills promptly and avoid placing it in direct sunlight or near heat sources
