

Sloane – Sofa Range

Specification

- Frame hand crafted in the UK from hand-picked fully seasoned hardwoods from managed sources, glued, screwed and stapled.
- High tensile zig-zag sprung seat platform with Fishmouth sprung unit
- High resilient foam over a tensioned woven elastic webbed back platform
- High quality blown white fibre filled seat and back cushions in a multi channelled casing
- Solid beech feet with a choice of light, medium, limed or vintage grey finish with the option of chrome, anodised or brass castors on the front feet
- Sofas and Loveseat include 2x 20" feather filled scatters in a choice of fabrics

Regularly plump all cushions to maintain performance. Please refer to the care and commitment leaflet for further details.
